

TRANSCUBE TACTICAL

Auxiliary tanks for spot power - FULLY TRANSPORTABLE FULL OF FUEL

552 – 1,204 US GAL

The TransCube Tactical is a rugged transportable fuel tank built for expeditionary applications. Designed to extend run times on generators, as well as refuel equipment and light weight vehicles.

FEATURES

LOCKABLE EQUIPMENT CABINET

On-board pumping equipment and ports are secure and spills are contained. Designed to be extra secure to prevent theft or potential sabotage to fuel.

STAINLESS STEEL INNER TANK

To ensure fuel cleanliness and longevity.

110% DOUBLE-WALLED

Built-in, weather proof secondary containment eliminates the need for drip trays.

INTERNAL BAFFLES

Designed to maximize stability when handling the tank partially full of fuel.

GALVANIZED FRAME

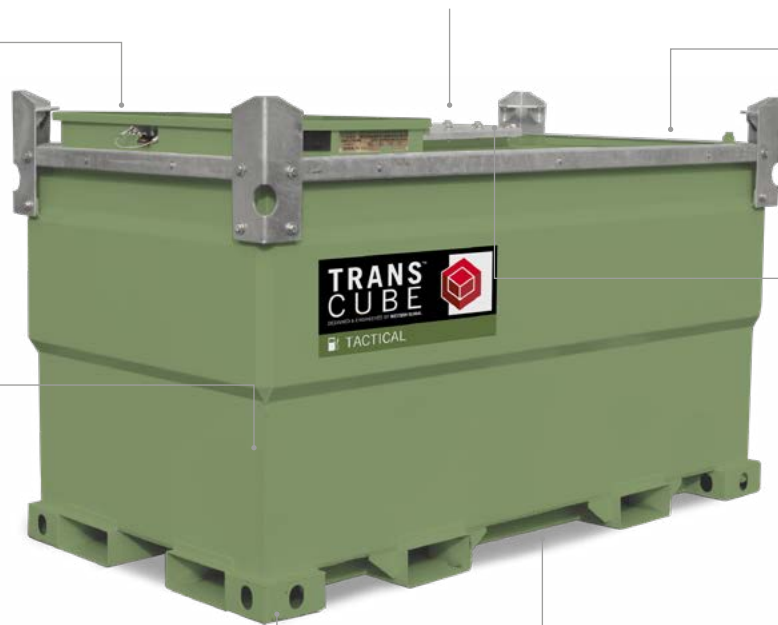

Strong, durable and secure structure with added protection from bumps and scratches.

ACCESS HATCH

Allows access to removable inner tank for easy routine maintenance and inspection.

CORNER BRACKETS AND FORKLIFT POCKETS

Liftable by crane full of fuel and easily stackable two high full, and three high empty.

READY FOR

FUEL TRANSPORT

Meeting multiple worldwide transport regulations, the TransCube can transport fuel safely anywhere you need it.

SPOT POWER

Auxiliary power for large prime power generators (100kw+).

GENERATOR & AUXILIARY EQUIPMENT

TransCube fuel tanks have the ability to quickly and efficiently connect to three diesel powered pieces of equipment and refuel equipment via the on-board transfer pump at the same time.

MODELS AND CAPABILITIES

SPECIFICATIONS	TCT500	TCT1200
Capacity (Nominal / safe fill (95%))	552/525 USG	1,204/1,144 USG
Dimensions (L x W x H)	90 x 45 x 52 in	91 x 91 x 52 in
Weight (empty / full)	1,797/ 6,266 lbs	3,695/ 13,744 lbs
Design Approvals	US DOT, UN ADR, UL142, NFPA30	US DOT, UL/ULC, UL142

Other capacities available on request. Optional heating and trailers
